CLOUDVIRGA TPO
Our Platform, Your Future

Digital Wholesale Platform for Lenders

Rates come and go, but the experience never fails and that is where you can always compete -

Cloudvirga's new TPO platform helps you do just that by creating the experience your brokers deserve, with the tools they need to succeed.

Win Now

Built by mortgage professionals **for mortgage professionals.**

A place to get things done from start to finish

Brokers can quickly search products and direct source third party fees while also being able to lock a loan anytime. Prepare high quality product comparison sheets in seconds and present them through a personalized consumer point of sale.

Give brokers more control

The ability to instantly collaborate with their borrowers and operations team, making your wholesale process more efficient and compliant.

Full suite of functionality

Upload 3.4 files. Pull or reissue credit. Order appraisals. Run dual AUS and see side by side DU and LPA results. Lock rates. Make real-time changes as conditions change. Request a CD to be delivered to the borrower and schedule closings.

TRUSTED **by Top Lenders**

A robust wholesale solution that strengthens your relationships with brokers, helps them close more loans, and **do it all faster**.

Prepare, deliver and e-sign lender disclosures with automated compliance

The platform makes it easy to create, deliver and e-sign disclosures, including e-consent, broker/lender disclosures, LEs and CDs.

E-verifications and borrower collaboration

e-Verify assets, income, and employment. See conditions and status all in one place. Edit wording of underwriting conditions and digitally forward them to the borrower to fulfill a task.

Accelerated approvals - take time and cost out of your and your brokers' operations

Reduce "touch" times with your brokers by 70% or more. Empower brokers with a digital origination platform where they can start the origination process and not just be limited to uploading a Fannie Mae 3.2.

Reduce cost, time, and risk

Self-serve technology increases efficiency for lenders and brokers. Expect 20% or better reduction in application to approval times. Automated compliance, enhanced security and MISMO 3.4 import/export reduces risk.

☑ **GO BEYOND ORDINARY**

Not Just a Portal, But a Do-It-All Platform for Brokers
